

How would you like the ability to walk through the yard and inspect trucks awaiting shipment or receipt without having to carry a clipboard? Would you like the ability to be notified when an inspection is required and be prompted on the inspection tasks that need to be completed (e.g. Reefer fuel level, storage temperature, etc.)? How would you like to perform facilities maintenance tasks, safety inspections, equipment maintenance all in the same manner? If your answer is yes, then QUICK Inspection® is the solution!

## QUICK Inspection® Features

- Reduction/Elimination of paperwork
- Ability to define numeric, alpha or code responses
- Prompted scheduled inspections
- Ability to define any type of inspection
